

Creating Areas for Nature

3. Tools—a quick identification guide

A list of the tools you will require is given at the beginning of each information sheet, but you may be unfamiliar with some of the tool names, and find the following identification guide useful.

Club hammer

Crow bar

Fork

Mattock

Mell

Rake

Shovel

Shuv-holers

Spade

Spirit level

Tamper

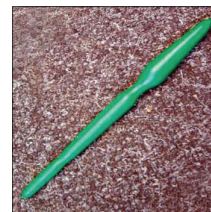

Smaller hand tools that are more suitable for children

Trowel

Fork

Dibber

For more detailed information on the tools above and how to use them, The British Trust for Conservation Volunteers (BTCV) has produced a useful guide—please see *Mapping and Planning Links* for details.
