

**Key**

At the top of each section you will see the following symbols. These are to show what wildlife you can expect to attract to the habitat you have created. The symbols can be interpreted as follows:

Birds

Butterflies and bees

Amphibians

Invertebrates

Reptiles

Mammals

Suitable activity for children to get involved

Not suitable for children

### Difficulty rating symbols

Difficulty Rating	Description
	A straightforward project which can be undertaken following instructions with no previous knowledge or special skills
	A project which may require specific tools but can be completed following instructions
	A project requiring extra adults to help, some skills e.g. woodwork, and physical effort to complete.
	A more challenging project where help will be needed from extra adults or specialists eg CMPS specific tools and skills will be required
	A complicated project where a contractor with machinery to carry out some of the work will be needed and specific skills are needed to complete the project
